MEURSAULT PREMIER CRU LES SANTENOTS

The particularity of the appellation Santenots, which is located around the village of Meursault, is that its wine is known as Meursault Santenots if it is planted in Chardonnay, and Volnay Santenots if it is planted in Pinot Noir. Thanks to their geographic location, the Santenots produce wines blending power and elegance.

Characteristics

Grape variety: Exclusively 50 years old Chardonnay vines

Surface area: 0,25 ha

Terroir: Stony clay-limestone soil

Working method: Vines sown with grass- leaves thinned out

Maturing: 10 month in French oak barrels- 40% new oak

Production: 1200 bottles/year

Dress: Very brilliant yellow gold

Nose: Very powerful fragrances of white blossom, grilled almond and honey

Mouth: Fleshy and generous, very well-balanced thanks to a light acidity and a subtle oakyness

Ideal served with poultry, fish dish or cheese-board of goat cheeses
